

兔抗 PPOX 多克隆抗体

中文名称： 兔抗 PPOX 多克隆抗体

英文名称： Anti-PPOX rabbit polyclonal antibody

别 名： protoporphyrinogen oxidase; VP; PPO; V290M

相关类别： 一抗

储 存： 冷冻 (-20°C)

宿 主： Rabbit

抗 原： PPOX

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

Background:	This gene encodes the penultimate enzyme of heme biosynthesis, which catalyzes the 6-electron oxidation of protoporphyrinogen IX to form protoporphyrin IX. Mutations in this gene cause variegate porphyria, an autosomal dominant disorder of heme metabolism resulting from a deficiency in protoporphyrinogen oxidase, an enzyme located on the inner mitochondrial membrane. Alternatively spliced transcript variants encoding the same protein have been identified.
Applications:	ELISA, IHC
Name of antibody:	PPOX
Immunogen:	Fusion protein of human PPOX
Full name:	protoporphyrinogen oxidase

Synonyms:	VP; PPO; V290M
SwissProt:	P50336
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human tonsil and Human esophagus cancer
IHC Recommend dilution:	50-300
